AGENDA

6:00 PM  Registration and Dinner

6:30 PM  Introduction
   Kiran Maski, MD, MPH (Chair)

6:35 PM  Traveling Pathways for Accurate and Early Diagnosis of Narcolepsy
   Kiran Maski, MD, MPH

6:55 PM  Optimizing Outcomes in Narcolepsy Treatment
   Judith Owens, MD, MPH

7:15 PM  Case Studies
   Michael Strunc, MD

7:40 PM  Question-and-Answer

CHAIR

Kiran Maski, MD, MPH
Assistant Professor of Neurology
Harvard Medical School
Boston, Massachusetts

FACULTY

Judith Owens, MD, MPH
Professor of Neurology
Harvard Medical School
Boston, Massachusetts

Michael Strunc, MD
Assistant Professor of Pediatrics
Eastern Virginia Medical School
Norfolk, Virginia

Narcolepsy in Children: Addressing the Challenges and Improving the Outcomes

Saturday, November 16, 2019
Dinner and Registration: 6:00 PM - 6:30 PM
Symposium: 6:30 PM - 8:00 PM

The Ritz-Carlton Golf Resort
Tiburón IV Ballroom
2600 Tiburón Drive
Naples, Florida

Chair
Kiran Maski, MD, MPH

Faculty
Judith Owens, MD, MPH
Michael Strunc, MD

This activity is supported by an independent educational grant from Jazz Pharmaceuticals, Inc.

This program is sponsored by
Pediatric presentations of sleep disorders differ from adult presentations, making diagnosis challenging. Specific clinical syndromes, such as cataplexy in children with narcolepsy type 1, can have altogether different presentations compared to adult-onset symptoms, contributing to diagnostic delays and potential misdiagnoses. Therapeutic delays can turn into dramatic consequences; pediatric narcolepsy limits daily activities because of excessive daytime sleepiness and cataplexy, leads to poor performance in school, and produces difficulty in social interactions. Treatment of narcolepsy in children consists of behavioral interventions and pharmacologic therapy. In this program, pediatric sleep disorder experts will describe best practices in diagnosis and treatment of narcolepsy. Case presentations will illustrate how to overcome barriers in diagnosis and outline treatment strategies to optimize outcomes.

PROGRAM OVERVIEW

EDUCATIONAL GRANT
Voxmedia gratefully acknowledges the educational grant provided by Jazz Pharmaceuticals, Inc.

ACCREDITATION AND CREDIT DESIGNATION STATEMENT
Voxmedia LLC is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Voxmedia LLC designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nurse practitioners may participate in this educational activity and earn a certificate of completion as AANP accepts AMA PRA Category 1 Credits™ through its reciprocity agreements. The National Commission on Certification of Physician Assistants accepts AMA PRA Category 1 Credits™ from organizations accredited by the ACCME.

DISCLOSURE INFORMATION
It is the policy of Voxmedia to ensure fair-balance, independence, objectivity, and scientific rigor in all directly or jointly sponsored educational activities. All prospective faculty are required to disclose any significant financial, other interest or relationship (1) with any commercial interest producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients AND (2) with any commercial supporters prior to participating in the planning of an activity or developing content. Only then may faculty receive approval to participate, and are expected to contribute evidence-based material and information. Faculty are required to indicate areas of their presentation that are based on professional opinion vs. guidelines, meta-analysis etc. All information submitted will be peer-reviewed.

EDUCATIONAL OBJECTIVES
Upon completion of this activity, participants should be able to:

- Recognize atypical presentations of cataplexy in children and comorbidities associated with narcolepsy.
- Describe best practices for making a diagnosis of narcolepsy in children.
- Identify nonpharmacologic strategies to improve quality of life and reduce complications for children with narcolepsy.
- Discuss pharmacologic treatment options for narcolepsy in pediatric patients.

AMERICANS WITH DISABILITIES ACT
Voxmedia fully complies with the legal requirements of the ADA and the rules and regulations thereof. If any participant of this activity is in need of accommodation, please call and/or submit in writing to: Voxmedia, 454 Morris Avenue, Springfield, New Jersey 07081 USA; Phone: 973-467-0500.

REGISTRATION FORM

Please register online at: WWW.SYMPOSIAREG.COM/21907

There is no registration fee for this symposium.

☐ Please contact me when future programming becomes available
☐ Please check here if you are willing to participate in a pre-and post-survey

Fax registration to: 973-467-1966
