

Maternal & Child Health Collaborative Office Rounds (COR)

a series of monthly meetings for the primary care community of Washington County

Nonmedical Use of Opioids in Youth: Opioid Safety and Treatment Education

Tuesday, April 7th 2019 | 7:30 - 8:45 AM

Attend Via Live Webcast or in Person at Thundermist Health Center Conference Room | Wakefield, RI

Faculty:

Jeffrey P. Bratberg, PharmD, FAPhA

Clinical Professor

University of Rhode Island College of Pharmacy | Kingston, RI

Kelly L. Matson, PharmD, BCPPS

Clinical Professor

University of Rhode Island College of Pharmacy | Kingston, RI

Program Description:

Physicians will review the latest statistics in youth regarding the opioid epidemic, including nonmedical use of prescription opioids and its associated risk for hospitalization and heroin use. They will be engaged in recognizing potential risk and protective factors of opioid misuse and use disorder in adolescents and young adults and able to summarize current recommendations for acute pain in this vulnerable population. Use of universal screening tools to determine youth's level of involvement in substances and how to employ brief intervention and referral to treatment will also be modeled. Physicians will compare and contrast medications for opioid use disorder in adolescence, and identify ways to expand naloxone distribution in their practice through co-prescribing with opioid prescriptions, as well as, discuss home-based prevention strategies.

Learning Objectives:

At the conclusion of this session, attendees should be able to:

1. Describe recent trends in opioid use, overdose deaths, and opioid use disorder diagnoses among the adolescent and young adult population in the United States.
2. Assess an adolescent or young adult patient using appropriate screening tools for opioid misuse or opioid use disorder and determine whether brief intervention or referral for treatment is needed.
3. Develop a treatment approach centered on medications for opioid use disorder (MOUD) in an adolescent or young adult with opioid use disorder.
4. Recommend co-prescribing of naloxone with a prescription opioid and provide caregiver training on naloxone administration

Target Audience:

Physicians, Psychologists, Physician Assistants, Nurse Practitioners and Nurses specializing in Primary Care and Pediatrics.

Accreditation:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Warren Alpert Medical School of Brown University and South County Healthy Bodies, Healthy Minds. The Warren Alpert Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

Physicians: The Warren Alpert Medical School designates this live activity for a maximum of 1.25 *AMA PRA Category 1 Credits™*.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: The Warren Alpert Medical School of Brown University is approved by the RI Psychological Association to offer continuing education for psychologists. The Alpert Medical School maintains responsibility for the program. This activity is approved for 1.25 Category 1 CE Credits. Credits available to RI licensed psychologists only.

Parking: Guests are allowed to park at:

♦ Wakefield Baptist Church: 236 Main Street, Wakefield
18 parking spaces (back 2 rows)

♦ Columbia Street/Main Street: Two municipal parking lots on Main St (behind Mary Murphy's and Phil's)

Absolutely no parking in the patient parking lot in the front of the building or in the staff parking garage underneath the building. Also, no parking in the lot directly in back of the building. Those spots do not belong to Thundermist and are paid for by other surrounding community businesses. Anyone parking in these spaces will be asked to move their vehicles.

Register Online at: <https://cme-learning.brown.edu/CORAPR7>

There is no fee to attend COR sessions, but registration is required. Attendees have the option of attending the live session at Thundermist or viewing the live online webcast.

Jointly Provided By:

In Collaboration with:

Maternal & Child Health Collaborative Office Rounds (COR)

a series of monthly meetings for the primary care community of Washington County

2019 - 2020 Series

The overarching goal of the **Maternal & Child Health Collaborative Office Round (COR)** series is to improve pediatric and adolescent health in the region and increase the capacity of primary care providers to accurately diagnose and treat developmental and behavioral health issues. COR will strive to ensure that physicians have a greater understanding of child development, behavioral and mental health issues and the resources available to them.

COR Objectives are:

1. To increase primary care providers' usage of culturally competent, evidence-based and family-centered community resources.
2. To increase participant knowledge about how to handle mental, developmental and behavioral health issues within their practices.
3. To increase participants' relationships with providers of other specialties, thus enhancing referral capabilities, effectiveness of therapies and community knowledge.

Locations:

Each session will be held live at either:

Thundermist Health Center

1 River Street, Wakefield, RI 02879

Westerly Hospital

25 Wells Street, Westerly, RI 02891

If you are unable to attend a session in person, an online webcast option is available.
