Program Description:

Most medical educators also serve as advisors to their learners. Directly or indirectly, and regardless of the audience—medical students, residents, fellows, or faculty—medical educators must develop rapport and engage in productive advising conversations. It takes time, skill, and practice to ensure you're identifying the key issues and providing sound guidance. This session is designed for medical educators to maximize their effectiveness as advisors using strategies to foster meaningful conversations.

This session will demonstrate the application of learning principles and will focus on the Core area of Mentoring and Advising.

Learning Objectives:

1. Describe strategies for developing rapport and engaging in productive conversations with advisees/mentees
2. Describe the non-directive approach to advising
3. Demonstrate how these techniques are applied to advising conversations among learners at various levels
4. Provide medical educators with tools for improved and more powerful questioning

Credit Designation

Physicians: The Warren Alpert Medical School of Brown University designates this live activity for a maximum of 1.5 AMA PRA Category 1 Credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The Alpert Medical School maintains responsibility for the program. This activity is approved for 1.5 Category 1 CE Credits. Credits available to RI licensed psychologists only.

The **Program in Educational Faculty Development** at Alpert Medical School recognizes and supports our faculty and residents in their role as educators. We strive to provide participants with the knowledge and skills to teach in the classroom and at the bedside. All faculty and residents are welcome to attend these sessions, to be held at the Warren Alpert Medical School, located at 222 Richmond Street, Providence, RI.

*Core Series in Medical Education

The “Core Series” consists of 8 presentations on common topics within medical education. Designed specifically for medical educators, sessions are open to all faculty, residents and community preceptors. The Core Series includes annual sessions on the following topics:

- * Presentation and lecturing skills
- * Small group facilitation
- * Teaching the challenging learner
- * Clinical teaching
- * Using technology in teaching
- * Evaluation and effective feedback
- * Mentoring and advising
- * Inclusive Teaching

Individuals attending 5 Core Series sessions within a three-year time frame will receive a Certificate of Participation, which can be included as “additional education/training” as part of faculty promotions materials.
