

## Call for Abstracts

### 2021 Biennial Pediatric Sleep Medicine Virtual Meeting | Friday, December 3<sup>rd</sup>

The 2021 Biennial Pediatric Sleep Medicine Meeting seeks abstract submissions for Poster Presentations of research and educational endeavors. Accepted abstracts will be virtually presented on Friday, December 3<sup>rd</sup> (exact times to be determined).

In addition to a virtual Poster Presentation, authors of the top-rated abstracts, based on scientific merit and innovation, will be invited to orally present their work in one of two sessions on Friday, December 3<sup>rd</sup>.

The goals of these sessions are: (a) to provide the most current scientific findings focusing on pediatric sleep medicine, and (b) to provide an opportunity for individuals and institutions to share their own programs/innovations.

All poster presentations will be prerecorded however at **least one author is expected to be available in real-time during the meeting for question/answer session**. If your abstract is accepted, the presenting author is required to register for and attend the virtual Pediatric Sleep Medicine Conference. Registration is the responsibility of the presenters.

**All abstract submissions should be 400 words or less, and should be structured according to the sections below.** No tables, figures, or brand names are permitted in abstract submissions. You will need to complete this submission in one sitting, so please have the following information prepared:

- Author names, affiliations, and contact information
- Objectives
- Methods
- Results
- Conclusions
- Support (if relevant)

For the **Abstract Submission Portal**, click [here](#) or paste this link into your browser:

**International trainees are encouraged to apply for the Avi Sadeh Memorial International Trainee Fund, which provides full registration to the 2021 meeting.** To be eligible for this award, applicants must (1) be an international trainee (not currently living in the US nor a US citizen), (2) submit an abstract through this portal for the Pediatric Sleep Medicine meeting, and (3) present his/her research as part of oral presentation sessions (the program committee will work with the international presenter to align the session with the time zone as best as possible). **To apply for this award, please include the following with your abstract submission:**

1. Applicant CV: Including current mailing and email address (preferable), educational history, relevant employment history, honors and awards, research funding and publications.
2. Applicant cover letter (maximum 1 page): Including a statement certifying that the applicant has never received funding from the Sadeh Memorial Fund, a description of current research activities including the name and email address of the trainee's mentor and institution, a

description of the applicant's future career plans and goals, and a discussion of how attendance at the Pediatric Sleep Meeting will enhance the applicant's research and career plans.

**All abstract submissions are due by 5:00 pm ET on July 15, 2021**

Abstract notifications will be sent by **July 30, 2021**

Avi Sadeh Memorial International Trainee Fund award notifications will be sent by **August 6, 2021**

Please send portal submission questions to Ariel A. Williamson, PhD (williamsoa@chop.edu)

Send all other questions to Jared M. Saletin, PhD (jared\_saletin@brown.edu)
