

Maternal & Child Health

Collaborative Office Rounds (COR)

a series of monthly meetings for the primary care community of Washington County

Pediatric Bipolar Disorder

Tuesday, June 2nd 2020 | 7:30 - 8:45 AM

Attend Via Live Webcast or in Person at Nardone Conference Center, Westerly Hospital | Westerly, RI

Faculty:

Aude L. Henin, PhD

Co-Director, Child Cognitive-Behavioral Therapy Program
Department of Psychiatry
Massachusetts General Hospital | Boston, MA

Program Description:

This program will provide a comprehensive overview of pediatric bipolar disorder. Using current research and clinical understanding, the program will review common clinical features of this disorder in youth and how these may differ from those of adults. The program will also discuss comorbidity with other childhood disorders and the importance of differential diagnosis. It will review known risk factors for the development of this condition, knowledge about the course and trajectory of mood symptoms in youth. Finally, the program will focus on best practices for treating bipolar disorder in youth and review the current literature on the efficacy of existing psychopharmacologic and psychosocial treatments. Limitations of the current knowledge base and areas for future research will be discussed.

Learning Objectives:

At the conclusion of this session, attendees should be able to:

1. Evaluate the clinical presentation of bipolar disorder in youth and differential diagnosis from other childhood disorders.
2. Using current research and clinical understanding, make recommendations about appropriate treatments for bipolar disorder in youth, including pharmacologic and psychosocial interventions
3. Assess symptom changes over development and adapt interventions accordingly.

Target Audience:

Physicians, Psychologists, Physician Assistants, Nurse Practitioners & Nurses specializing in Primary Care & Pediatrics.

Accreditation:

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the Warren Alpert Medical School of Brown University and South County Healthy Bodies, Healthy Minds. The Warren Alpert Medical School is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Credit Designation

Physicians: The Warren Alpert Medical School designates this live activity for a maximum of 1.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: The Warren Alpert Medical School of Brown University is approved by the RI Psychological Association to offer continuing education for psychologists. The Alpert Medical School maintains responsibility for the program. This activity is approved for 1.25 Category 1 CE Credits. Credits available to RI licensed psychologists only.

Parking: Guests are allowed to park at:

- ♦ Wakefield Baptist Church: 236 Main Street, Wakefield
18 parking spaces (back 2 rows)
- ♦ Columbia Street/Main Street: Two municipal parking lots on Main St (behind Mary Murphy's and Phil's)

Absolutely no parking in the patient parking lot in the front of the building or in the staff parking garage underneath the building. Also, no parking in the lot directly in back of the building. Those spots do not belong to Thundermist and are paid for by other surrounding community businesses. Anyone parking in these spaces will be asked to move their vehicles.

Maternal & Child Health Collaborative Office Rounds (COR)

a series of monthly meetings for the primary care community of Washington County

2019 - 2020 Series

The overarching goal of the **Maternal & Child Health Collaborative Office Round (COR)** series is to improve pediatric and adolescent health in the region and increase the capacity of primary care providers to accurately diagnose and treat developmental and behavioral health issues. COR will strive to ensure that physicians have a greater understanding of child development, behavioral and mental health issues and the resources available to them.

COR Objectives are:

1. To increase primary care providers' usage of culturally competent, evidence-based and family-centered community resources.
2. To increase participant knowledge about how to handle mental, developmental and behavioral health issues within their practices.
3. To increase participants' relationships with providers of other specialties, thus enhancing referral capabilities, effectiveness of therapies and community knowledge.

Locations:

Each session will be held live at either:

Thundermist Health Center

1 River Street, Wakefield, RI 02879

Westerly Hospital

25 Wells Street, Westerly, RI 02891

If you are unable to attend a session in person, an online webcast option is available.
