

Medicine, Title IX and Creating an Inclusive Learning Environment

Live Webinar | June 23, 2020 | 12:00-1:00 PM

Agenda:

12:00–1:00 PM Didactic Lecture

- Rene Davis, Title IX Program Officer
- Lindsay Orchowski, PhD
Deputy Title IX Coordinator for the Medical School

Program Description:

Diversity and inclusion initiatives and Brown University aim to sustain and advance an inclusive community of scholars on campus and throughout the community. Towards this end, Brown University's policy on Sexual and Gender-Based Harassment, Sexual Assault, Sexual Exploitation, Relationship and Interpersonal Violence and Stalking Policy makes it the responsibility of all members of the Brown University community to foster an environment free from prohibited conduct.

The virtual workshop will be designed to engage participants with the material through scenarios. Presenters will demonstrate skills for addressing difficult situations (i.e., responding to disclosure of harassment, acting as a bystander when witnessing bias), and apply the Brown University policy to real-world situations in academic medical settings.

This session will demonstrate the application of learning principles and will focus on the Core area of [Inclusive Teaching](#)

Learning Objectives:

1. Review the ways in which gender-discrimination, harassment and bias manifest in academic medical settings, including in medical education, medical teams, and medical education
2. Articulate how Title IX of the Education Amendments of 1972 applies to medical education
3. State how Brown University's policy on Sexual and Gender-Based Harassment, Sexual Assault, Sexual Exploitation, Relationship and Interpersonal Violence and Stalking Policy applies to working in an academic medical setting, including interactions with medical students, residents, and medical school faculty and staff
4. Delineate strategies for reducing discrimination, bias and harassment within academic medicine.

The Program in **Educational Faculty Development** at Alpert Medical School recognizes and supports our faculty and residents in their role as educators. We strive to provide participants with the knowledge and skills to teach in the classroom and at the bedside. All faculty and residents are welcome to attend these sessions, to be held at the Warren Alpert Medical School, located at 222 Richmond Street, Providence, RI.

*Core Series in Medical Education

The "Core Series" consists of 8 presentations on common topics within medical education. Designed specifically for medical educators, sessions are open to all faculty, residents and community preceptors. The Core Series includes annual sessions on the following topics:

- * Presentation and lecturing skills
- * Small group facilitation
- * Teaching the challenging learner
- * Clinical teaching
- * Using technology in teaching
- * Evaluation and effective feedback
- * Mentoring and advising
- * Inclusive Teaching

Individuals attending 5 Core Series sessions within a three-year time frame will receive a Certificate of Participation, which can be included as "additional education/training" as part of faculty promotions materials.
