Pediatric Polysomnography: A Master's Class for Pediatric Providers in the PSG Laboratory

Target Audience

Intermediate to advanced sleep medicine specialists, fellows, psychologists, physicians, nurses, nurse practitioners, polysomnography technicians and technologists, respiratory therapists.

Instructional level: Intermediate

Program Description

This course is targeted towards experienced sleep practitioners seeking a more advanced, but still practical approach to polysomnography procedures in infants, children and adolescents. Highlights include improving practices and lab environment to accommodate infants with apnea, updates on PAP masks for pediatric populations including mask fitting and desensitization, updates on best practices for positive airway pressure (PAP) titration in the sleep laboratory, overview of advance PAP and respiratory support strategies commonly performed in the sleep laboratory, and recognition of key PSG features or artifacts unique to or typically encountered with pediatric patients. Further skills in polysomnography and multiple sleep latency testing and interpretation will be promoted by experts in the field.

12:00–12:55 PM **Registration and Lunch**

12:55–1:00 **Welcome, Overview, and Logistics**
Co-Chairs: Kiran Maski, MD, MPH
& Carol L. Rosen, MD

1:00–1:45 **Mastering PAP Masks**
Dominic B. Gault, MD

1:45–2:30 **Mastering PAP Titration**
Narong Simakajornboon, MD

2:30–2:45 **Break**

2:45–3:30 **Mastering NIV Options in the Sleep Lab**
Umakanth Katwa, MD

3:30–4:15 **Mastering Apnea Evaluation in Infants
Beyond the Nursery**
Eliot S. Katz, MD

4:15–4:30 **Break**

4:30–5:15 **Mastering the Hypersomnia Evaluation
in Children**
Kiran Maski, MD, MPH

5:15–6:00 PM **Fun With PSG Fragments**
Carol L. Rosen, MD

Learning Objectives:

At the conclusion of this course, attendees should be able to:

- Discuss current understanding and best practices for infant apnea evaluation and management
- Select PAP masks that work best for children (infants to obese teens; craniofacial disorders) and list tips for mask fitting in children and principles of mask desensitization
- Describe best practices for PAP titrations in children
- Understand options and approaches for evaluating advanced respiratory support therapies (including: auto-titration devices, bi-level pressure support, adherence monitoring and advanced diagnostics) commonly encountered in the sleep laboratory
- Identify limitations and practical approaches to MSLT protocols for children and the unique diagnostic features of sleep physiology of patients with narcolepsy that can be identified on polysomnography and multiple sleep latency tests
- Identify nocturnal biomarkers that aid in pediatric narcolepsy diagnosis
- Recognize normal respiratory and non-respiratory features, variants, artifacts and PSG patterns of sleep and breathing in childhood

Thursday, November 14, 2019

Pediatric Behavioral Sleep Medicine Workshop

Target Audience:

Intermediate to advanced sleep medicine specialists, fellows, psychologists, physicians, nurses, nurse practitioners, in the clinical setting.

Instructional level: Intermediate

Program Description

This interactive workshop is aimed at intermediate to advanced pediatric sleep clinicians (i.e., psychologists, physicians, nurses) and trainees who regularly see children with behavioral sleep concerns in their clinical practice. The workshop will include a discussion of complex cases presented by experienced faculty, as well as small group discussions of how to plan and implement treatment for challenging patients. Participants will also have the opportunity to ask faculty questions about their own cases/experiences in pediatric behavioral sleep medicine.

Learning Objectives:

At the conclusion of this course, attendees should be able to:

- Utilize behavioral interventions to improve complex bedtime problems and night wakings in young children
- Apply behavioral and cognitive-behavioral strategies to the treatment of bedtime anxiety in children and adolescents
- Use behavioral and cognitive-behavioral strategies for the treatment of comorbid insomnia and mental health disorders (anxiety and ADHD)
- Develop and implement treatment plans for delayed sleep-wake phase disorder
- Partner with families to improve CPAP adherence for children with OSA
- Interpret and utilize actigraphy for treatment planning and evaluation

12:00–1:00 PM **Registration and Lunch**

1:00–1:10 **Course Introductions & Welcome**
Co-Chairs: Lisa J. Meltzer, PhD &
Jodi A. Mindell, PhD

1:10–1:30 **Bedtime Problems and Night Wakings in Young Children**
Jodi A. Mindell, PhD

1:30–1:50 **Bedtime Anxiety in School Aged Children**
Valerie Crabtree, PhD

1:50–2:10 **Insomnia and ADHD in Children**
Penny Corkum, PhD

2:10–2:30 **Insomnia and Anxiety in Adolescents**
Candice A. Alfano, PhD

2:30–2:45 **Break**

2:45–3:05 **Delayed Sleep-Wake Phase Disorder in Adolescents**
Kevin C. Smith, PhD

3:05–3:25 **CPAP Adherence for Children with OSA**
Melissa S. Xanthopoulos, PhD, MS

3:25–3:45 **Actigraphy for Evaluation and Treatment Planning**
Lisa J. Meltzer, PhD

3:45–4:15 **Roundtable #1**

4:15–4:30 **Break**

4:30–5:00 **Roundtable #2**

5:00–5:30 **Roundtable #3**

5:30–6:30 PM **Panel Discussion and Final Question & Answer Session**

Friday, November 15, 2019

Best Practices

Target Audience

Clinicians, researchers, and trainees (physicians, psychologists, nurses, nurse practitioners, polysomnography technicians and technologists, respiratory therapists).

Instructional level: Intermediate

Program Description

This course will offer best practice, up-to-date, evidence based information in the treatment of pediatric sleep disorders across a range of sleep disorders, including sleep disordered breathing, narcolepsy, restless legs syndrome/periodic limb movement disorder, circadian rhythm disorders, insomnia, and parasomnias.

In addition, participants will learn best practices approaches to engaging patients and families to increase adherence to sleep interventions, including PAP therapy.

Learning Objectives:

At the conclusion of this course, attendees should be able to:

- Identify and diagnose physiologically-based pediatric and adolescent sleep disorders
- Identify and diagnose behaviorally-based pediatric and adolescent sleep disorders
- Apply up-to-date, evidence based treatments for pediatric and adolescent sleep disorders
- Utilize motivational interviewing and family engagement techniques to improve adherence to sleep interventions in pediatric populations

7:30–8:30 AM	Registration, Breakfast & Visit Exhibits	1:00–2:00	Restless Legs Syndrome Jeffrey S. Durmer, MD, PhD
8:30–8:45	Welcome Co-Chairs: Valerie Crabtree, PhD & Beth A. Malow, MD, MS	2:00–2:30	Insomnia in Infants and Toddlers Jodi A. Mindell, PhD
8:45–9:45	Pediatric Sleep Apnea Disorders Carol L. Rosen, MD	2:30–3:15	Insomnia in Children and Adolescents Candice A. Alfano, PhD
9:45–10:30	Circadian Rhythm Disorders Kevin C. Smith, PhD	3:15–3:30	Break and Visit Exhibits
10:30–10:45	Break and Visit Exhibits	3:30–4:15	Insomnia in Special Populations: Combining Medication and Behavioral Interventions Beth A. Malow, MD, MS & Whitney A. Loring, PsyD
10:45–11:15	Parasomnias Kiran Maski, MD, MPH	4:15–5:00	Pharmacologic Management of Pediatric Insomnia Judith A. Owens, MD, MPH
11:15–12:00	Narcolepsy: The Clinical Spectrum & the Psychosocial Burden of Disease Althea A. Robinson Shelton, MD, MPH	5:00–5:30 PM	Implementation Science Valerie Crabtree, PhD
12:00–1:00 PM	Lunch and Visit Exhibits		

Friday, November 15, 2019
Welcome Reception | 6:00-8:00 pm

An opportunity to network, meet old friends and colleagues, as well as meet new people.
Refreshments and light hor d'oeuvres will be served.

Saturday, November 16, 2019

Pediatric Sleep Medicine Meeting

Target Audience

Clinicians, researchers, and trainees (physicians, psychologists, nurses, nurse practitioners, polysomnography technicians and technologists, respiratory therapists).

Instructional level: Intermediate

Program Description

Attendance at Pediatric Sleep Medicine 2019 will give participants a broad understanding of pediatric sleep, including state-of-the-art basic and clinical research in pediatric sleep and circadian science, as well as current clinical practices in pediatric sleep medicine.

Learning Objectives:

At the conclusion of this course, attendees should be able to:

- Summarize relevant information on the latest in pediatric sleep and circadian research and clinical practice
- Identify issues and challenges in pediatric sleep medicine
- Understand public policies that potentially impact children's/adolescent's sleep

7:00–7:45 AM	Registration and Breakfast Buffet	10:20–10:40	TEDS* Plenary Talk II Chair: Stephanie J. Crowley, PhD <i>Narcolepsy With Cataplexy: My Journey as a Patient and Advocate</i> Julie Flygare, JD
7:45–8:00	Welcome Valerie Crabtree, PhD Stephanie J. Crowley, PhD Lisa J. Meltzer, PhD Carol L. Rosen, MD	10:40–11:55	Submitted Symposium Chairs: Patricia Franco, MD, PhD & Teresa M. Ward, RN, PhD, FAAN
8:00–8:20	TEDS* Plenary Talk I Chair: Stephanie J. Crowley, PhD <i>Caffeine: Is It Robbing Our Youth of Sleep?</i> Mary A. Carskadon, PhD	11:55–12:25 PM	Research Blitz Chairs: Dominic B. Gault, MD Kendra N. Krietsch, PhD Vaishal A. Shah, MD, MPH Ariel A. Williamson, PhD
8:20–9:35	Invited Symposium Sleep, Circadian Rhythms & Technology Chairs: Michael Gradisar, PhD & Judith A. Owens, MD, MPH <i>Technology Use, Light & Sleep in Early Childhood</i> Monique K. LeBougeois, PhD, MS, MA <i>Media & Sleep Across Childhood & Adolescence: What We Know & What We Can Do</i> Jan Van den Bulck, PhD, D.Sc <i>Bedtime Media Use & Sleep in Youth: Real-Life Strategies for Change</i> Michelle M. Garrison, PhD, MPH	12:25–1:30	Lunch and Visit Exhibitors
9:35–10:00	Young Investigator Presentations Chairs: Dominic B. Gault, MD Kendra N. Krietsch, PhD Vaishal A. Shah, MD, MPH Ariel A. Williamson, PhD	1:30–1:50	TEDS* Plenary Talk III Chair: Stephanie J. Crowley, PhD <i>Disorders of Respiratory Control & Autonomic Regulation: Translation into Clinical Care for Affected Children & Young Adults</i> Debra E. Weese-Mayer, MD
10:00–10:20	Break and Visit Exhibitors	1:50–3:05	Submitted Symposium Chairs: Patricia Franco, MD, PhD & Teresa M. Ward, RN, PhD, FAAN
		3:05–4:00	Poster Session I & Break Chairs: Dominic B. Gault, MD Kendra N. Krietsch, PhD Vaishal A. Shah, MD, MPH Ariel A. Williamson, PhD

Saturday & Sunday, November 16-17, 2019

Pediatric Sleep Medicine Meeting

Saturday Continued

4:00-5:00 PM

Concurrent Workshops

Co-Chairs: Carol L. Rosen, MD &
Jared M. Saletin, PhD

I. Sleep Clinic: Challenging Cases

Althea A. Robinson Shelton, MD, MPH
Interesting pediatric sleep cases will be presented where the patient's other medical co-morbidities (known and unknown) raise challenging clinical and ethical questions.

II. Gadgets & Gizmos

Dominic B. Gault, MD

This workshop will evaluate several different gadgets and gizmos which are marketed directly to pediatric patients and their caregivers, in order to better understand those specific consumer sleep technology options, and to provide a framework for assessing other forms of consumer sleep technology to which the provider may come into contact or receive questions about from their patients.

III. Establishing a Pediatric Sleep Medicine Program: The Basics

Judith A. Owens, MD, MPH

This interactive workshop will address the basic components required to establish a clinical program in pediatric sleep medicine and outline the unique challenges in caring for children with sleep disorders and their families. Topics will include: clinical services, the essentials of setting up a pediatric sleep lab, the role of behavioral sleep medicine providers, and staffing and administrative issues.

IV. Translational Science

Jared M. Saletin, PhD

A discussion of how basic researchers, clinician-scientists, & primary practitioners can collaborate to advance our understandings of pediatric sleep theory, mechanism, and treatment.

Sunday

7:30-8:30 AM

Breakfast Buffet

Trainee Event/Breakfast

All trainees attending the 2019 Pediatric Sleep Medicine Meeting are invited.

8:30-9:45

Invited Symposium: Sleep and ADHD in 2019: Where are We Now and Where Are We Going?

Chairs: Michael Gradisar, PhD &
Judith A. Owens, MD, MPH

Is Sleep in ADHD Different?

Subjective and Objective Evidence

Anna Ivanenko, MD, PhD

Sleep and Circadian Rhythms in ADHD

Jessica R. Lunsford-Avery, PhD

Update on ADHD Medications and Sleep in ADHD: Stimulants and Nonstimulants

Mark A. Stein, PhD, ABPP

CME/CE Accreditations & Credit Designations

Accreditations

CME: The Warren Alpert Medical School of Brown University is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

APA: Applications have been submitted to the Massachusetts Psychological Association. Massachusetts Psychological Association is approved by the American Psychological Association to sponsor continuing education for psychologists. Massachusetts Psychological Association maintains responsibility for this program and its content. Determination of CE credit pending.

ANCC/AANP: The American Nurses Credentialing Center & the American Academy of Nurse Practitioners accept *AMA PRA Category 1 Credits™* from organizations accredited by the ACCME.

AARC: Application has been made to the American Association for Respiratory Care (AARC) for continuing education contact hours for respiratory therapists.

AAST: The American Association of Sleep Technologists designates this educational activity for a maximum of 25 AAST Continuing Education Credits. Individuals should claim only those credits that he/she actually earned in the educational activity.

Credit Designations

Nov.14 | Pediatric Polysomnography Course

Physicians: The Warren Alpert Medical School designates this live activity for a maximum of 4.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: Determination of CE credit is pending.

Respiratory Therapists: Determination of CRCE credit pending.

Sleep Technologists: This educational activity is designated for 4.5 Continuing Education Credits.

Nov.14 | Pediatric Behavioral Sleep Medicine Workshop

Physicians: The Warren Alpert Medical School designates this live activity for a maximum of 5.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: Determination of CE credit is pending.

Respiratory Therapists: Determination of CRCE credit pending.

Sleep Technologists: This educational activity is designated for 5.0 Continuing Education Credits.

Nov.15 | Best Practices Course

Physicians:

The Warren Alpert Medical School designates this live activity for a maximum of 7.5 *AMA PRA Category 1 Credits™*.

Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: Determination of CE credit is pending.

Respiratory Therapists: Determination of CRCE credit pending.

Sleep Technologists: This educational activity is designated for 7.5 Continuing Education Credits.

Nov.16 | Pediatric Sleep Medicine Meeting

Physicians: The Warren Alpert Medical School designates this live activity for a maximum of 7.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: Determination of CE credit is pending.

Respiratory Therapists: Determination of CRCE credit pending.

Sleep Technologists: This educational activity is designated for 7.0 Continuing Education Credits.

Nov.17 | Pediatric Sleep Medicine Meeting

Physicians: The Warren Alpert Medical School designates this live activity for a maximum of 2.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Psychologists: Determination of CE credit is pending.

Respiratory Therapists: Determination of CRCE credit pending.

Sleep Technologists: This educational activity is designated for 2.5 Continuing Education Credits.

Registration Information

Conference Fees include: CME / CE credit, online syllabi for Pediatric PSG, Pediatric Behavioral Sleep Medicine and Best Practice courses, resource materials, meals as outline in each course schedule and welcome reception.

Pre-registration is required at: <https://cme-learning.brown.edu/>
On-site registrations cannot be accommodated.

Register By September 16, 2019

	Physicians, Psychologists, Allied Health Professionals	Technologists	Trainees*
Pediatric Polysomnography November 14, 2019	\$275.00	\$225.00	\$150.00
Pediatric Behavioral Sleep Medicine November 14, 2019	\$275.00	N/A	\$150.00
Best Practices Course November 15, 2019	\$350.00	\$325.00	\$175.00
Pediatric Sleep Medicine Meeting November 16-17, 2019	\$375.00	\$375.00	\$200.00

Register After September 16, 2019

	Physicians, Psychologists, Allied Health Professionals	Technologists	Trainees*
Pediatric Polysomnography November 14, 2019	\$300.00	\$250.00	\$175.00
Pediatric Behavioral Sleep Medicine November 14, 2019	\$300.00	N/A	\$175.00
Best Practices Course November 15, 2019	\$375.00	\$350.00	\$200.00
Pediatric Sleep Medicine Meeting November 16-17, 2019	\$400.00	\$400.00	\$225.00

*Please note you are eligible for trainee registration rates if:

1. You are currently engaged in an academic program of study working toward a terminal degree (undergraduate or graduate); or
2. You finished your terminal degree (PhD, MD, RN) after January 1, 2016 and are currently engaged in a training program at an academic and/or medical institution (post-doctoral fellow, resident).

Cancellation/Substitution Deadline - October 14, 2019

Substitutions may be made by phone or e-mail without additional charge. Refunds minus a \$75.00 administrative fee will be issued if cancellation is received in writing by October 14, 2019. This conference is subject to change or cancellation.

For More Information:

Office of Continuing Medical Education at the Warren Alpert Medical School of Brown University
Ph. 401-863-2871 | Fax: 401-863-2202 | Email: Andrea_Goldstein@Brown.edu

 To request reasonable accommodations for a disability, please notify the CME Office in writing at least two weeks prior to the conference.

Conference Location and Accommodations

The Ritz-Carlton Golf Resort, Naples

Journey up the winding road to The Ritz-Carlton Golf Resort, Naples and a stately Italianate structure emerges from the lush green landscape. The spirit of Italy permeates the warm coastal breeze, when a grove of palm trees reveals your true destination. The lush greens of the golf resort bask in the bright Florida sun, and a few soft beams glisten gently on the rippled surface of our heated swimming pool. The Ritz-Carlton Golf Resort, Naples provides a tranquil, country club atmosphere and merely three miles from our private, white sand beaches along the Gulf of Mexico located at the neighboring Ritz-Carlton, Naples. Guests are encouraged to take advantage of complimentary shuttle service between the resorts and explore the dining, spa, pools, entertainment lounge, interactive environmental children's program, and wide selection of beach activities available on property. Further information is available here: <http://www.ritzcarlton.com/en/hotels/naples/naples-golf/hotel-overview>

Room Reservations: Conference Rate Expires October 9, 2019

A block of guest rooms have been reserved at a special conference rate of \$239.00 per night (single or double occupancy), plus sales tax, currently 11%. There will be an additional charge of \$25.00 per day for each additional person over age 18 and/or two people in a guestroom. The maximum number of people per guestroom is four (4). Rates includes: self parking, basic high speed internet access, unlimited use of health & fitness center, and in room coffee, tea, and bottled water services.

To make reservations, please go to: <https://book.passkey.com/go/BrownUniversitySleep>

Fly into Southwest Florida International Airport (RSW)

Conference attendees should fly in to the Southwest Florida International Airport (RSW) in Fort Myers, which has direct international and domestic flights. This airport is roughly 30 minutes from the hotel.

Shuttle Reservations

For a current listing of available shuttle and transportation options, please visit our website at: www.brown.edu/cme/transportation.
