University of Minnesota

Soban Umar MD PhD  
University of California,  
Los Angeles

Rebecca Vanderpool PhD  
Ohio State University

The Organizing Committee of the Advances in Right Heart Biology Symposium is requesting research abstract submissions on clinical, preclinical and mechanistic studies related to right heart biology and function. Includes right ventricular and right atrial disease as a result of pulmonary hypertension, left heart disease and/or congenital heart disease. The four top rated abstracts will be invited to present a 10-minute presentation on Saturday, 10/19 at The Warren Alpert Medical School of Brown University in Providence, RI.

**Deadline for submission is September 26, 2024 at 11:59 pm**  
**Direct all abstract submissions to [RightHeartSymp@gmail.com](mailto:RightHeartSymp@gmail.com)**

### Presentation format: Poster

- Some abstracts will be selected for oral presentation.
- No abstract submission fee
- Abstract will not be published
- The abstract format requires a Title with contributing authors listed along with disclosures, Introduction, Methods, Results, and Conclusion sections.
- Please include all authors and disclosure information

Abstracts are limited to 2,500 characters (about 360-630 words).

- Counts towards character limit:
  - Spaces in the abstract body
  - Text in the abstract body
- Does not count towards character limit:
  - Title of abstract
  - Names of authors and disclosure information
  - Graphics: Addition of an image, whether a figure or table, deducts 250 characters.
- Caption of graphic
