

Dear Community Partner,

On behalf of the **Rhode Island Trans Health Conference** planning committee, I am reaching out to invite you to become a sponsor of the 2026 conference, which will be held in person on May 30, 2026 at Rhode Island College, 600 Mount Pleasant Avenue, Providence, RI. **The 2026 RI Trans Health Conference is possible thanks to sponsorships from local organizations** and through partnerships with Rhode Island College and The Warren Alpert Medical School of Brown University. Your sponsorship guarantees the conference can offer a full day of robust educational content to both providers and community members.

The 2026 conference is the 9th RI Trans Health Conference, dedicated to enhancing the health and well-being of the transgender and gender diverse (TGD) community. **Each year, the conference aims to expand the number of health professionals who feel comfortable and confident providing quality care for trans and gender diverse patients, as well as increase the trans community member's knowledge, self-efficacy, and advocacy skills through educational sessions and connection to community resources.** In 2026, we aim to continue the conference with over 400 attendees. The audience will consist of medical and mental health professionals, community health professionals, interns, residents, fellows, and students, as well as a large cohort of members from the TGD community.

There are various opportunities for your organization to support the 2026 RI Trans Health Conference, ranging from Presenting Sponsor to Community Partner. For your convenience, we have attached a list of options on the following page.

Please indicate your intent to support by returning the attached sponsorship request reservation form by email to Jennifer Maloney, Director of the Office of CME, [Jennifer\\_Maloney@brown.edu](mailto:Jennifer_Maloney@brown.edu) by 5/1/2026. Upon receipt and review, a sponsorship agreement together with payment instructions will be sent.

Thank you for your consideration. We look forward to your support in strengthening the knowledge and clinical capacity of healthcare professionals serving transgender and gender-diverse communities.
